

For medium/large hard floors, nothing compares to this outstanding burnisher

The Nilfisk BU800 is designed with performance in mind. For medium to large hard floors, nothing compares to this outstanding and truly well designed burnisher. With typical Nilfisk attention to detail, the BU800 has the right handling, accurate pad pressure, and superb dust control to produce a professional finish with value-adding productivity gains. We use the newest technology to restore and maintain high gloss finishes on floors and a self-regulating pressure pad, the BU800 has excellent HEPA filtration available for active dust collection.

- Simple controls and low profile design make operating the unit easy and safe.
- Self-regulating pad pressure eliminates the need for adjustments and reduces operator errors.
- The burnishing deck automatically lifts when the motor is turned off for better floor protection.
- On board battery charger saves downtime and adds convenience.
- Excellent active dust control with HEPA filtration optional for dust sensitive areas
- One year commercial warranty

Picture shown may not represent model quoted

The BU800 represents the most technically advanced means of restoring and maintaining a high gloss shine on floors. The many features include easier-than-ever operation, added safety considerations, passive and (optional) active dust control.
